GOOD NEWS FROM OPERATION RESCUE COLORADO

BACK TO SCHOOL

With excitement we look forward to this spring. It's not the weather we are anticipating but the return to the high schools with the message of the gospel. We will stand on the public sidewalk and tell the students the truth about Jesus, abortion and sex. We will present a message about Jesus that many of them have never heard. Sure they have heard His name – as a cuss word, but so many have never heard the personal message that He can forgive their sins and change their life.

We will tell them the truth about abortion. When we leave they will know that abortion is a brutal act that destroys a living human being. They will also know that the child's mother will not escape unharmed. They will hear of the medical and emotional trauma she will experience and be offered alternatives.

We will tell them the truth about sex. We will present a message of hope. They will understand that they are not animals in heat but are capable of self-control and deserve to experience God's best concerning sex. They will hear that God intended sex to exist in the context of marriage – one man and one woman united for life.

We are ready with the schedule and literature but one more thing

is critical: people! Think about coming out and joining us. Every time we have gone to a school in the past years we could have used more people. We need prayer warriors, sign holders, and others to pass out literature. If you have never come out, it may seem intimidating but once there, you will find that it is easier than you would think.

What an incredible opportunity we have. Think over what you can do to be a part. If you are absolutely unable to join us then consider a financial gift that will help pay for the literature we pass out.

We can impact lives for eternity. It is such a blessing to see the work God does in the students hearts. Join us in the joy and reward!

Has it been a while since you have been to the abortion mill? Did you use to be a lot more involved in prolife work than you are now? Do the high schools seem intimidating? Did you donate in the past?

We need you! There are so many opportunities where your gifts can be put to use. Please?

"HEALTHY FUTURES" PROJECT

Healthy Futures for Women is an abortion clinic in Englewood, Colorado. The abortionist is Stephen Hinds. On their website they boast that he has killed thousands. Steve Hinds does abortions through 20 weeks.

We normally picket Tuesday, Wednesday and Friday. We are plugging new people in on Fridays. Here is a great opportunity to show your passion for the unborn and their mothers.

PICKET THE ABORTION MILL

Come any Friday from 2:30 - 3:30 p.m.

Except for horrible weather days.

THE COHEN / WOMACK PROJECT

Harvey Cohen and Gail Womack are doctors of Obstetrics & Gynecology who do abortions at this Lakewood office. We want their other clients to know about this.

255 Union Blvd.

Our present schedule is as follows:

Every Monday - 11:00 a.m. to 12:00 p.m.

Here is our code of conduct:

We want to represent Christ in word and deed. We need to absorb any barbs that come our way and not respond with the same kind of stuff. Ephesians 4:29 says this: "Do not use harmful words, but only helpful words, the kind that build up and provide what is needed, so that what you say will do good to those who hear you."

People will think of their encounter with us for a long time.

We want to make sure that it is something God can use to work on their heart and not something He wishes we didn't do or say.
