GOOD NEWS FROM OPERATION RESCUE COLORADO

Help the Students

It will soon be time for us to head back to the High Schools. What a fruitful project it always is. It is encouraging each year to see the changes that are happening in our culture with young people. They are leaning more and more to the prolife side.

But here is a problem. Even though young people want to be prolife, many are not equipped to deal with the unplanned pregnancy that comes into their own life or that of a friend.

That is something we can help with when we go to the schools. We give the students literature, fetal models, precious feet pins, audio-visual CD's and other resources that will help them to have a foundation for their beliefs.

We help them understand that abortion is worse than going through an unplanned pregnancy and offer alternatives. This is very important when there is pressure to take the "easy" way out.

We have been doing the *God is Going Back to High School* campaign for 16 years now. Every Spring and Fall we go to area high schools and reach out to the students as they leave school. We have passed out tens-of-thousands of pieces of literature and other resources. There have been many good conversations, many times giving them something to think about that they have never considered before. Many are equipped to be more strong in their prolife beliefs and many others are challenged to see abortion for the horrible act it is.

We Need Your Help

We have amazing opportunities ahead of us that require people and money. Would you join us in prayer that those needs will be met?

Would you also consider joining us at the abortion clinic or the high school? We would love to have you with us. If you have never come before, it's not as scary as it may seem but immensely rewarding.

We also need your help financially. All of us are volunteers and our office space is donated. All of the funds that come in are used to change minds and hearts through the materials we pass out. . We could really use any amount that you can send. Thanks!

Your School?

We would like to expand the list of schools where we pass out literature. Is there one in your neighborhood that would be a good candidate? Give us a call and we will take it from there.

THE COHEN / WOMACK PROJECT

Harvey Cohen and Gail Womack are doctors of Obstetrics & Gynecology who do abortions at this Lakewood office. We want their other clients to know about this.

255 Union Blvd.

Our present schedule is as follows:

Every Monday - 11:00 a.m. to 12:00 p.m.

"HEALTHY FUTURES" PROJECT

Healthy Futures for Women is an abortion clinic in Englewood, Colorado. The abortionist is Stephen Hindes. On their website they boast that he has killed thousands. Steve Hindes does abortions through 20 weeks.

We normally picket Tuesday, Wednesday and Thursday. We are plugging new people in on Thursday. Here is a great opportunity to show your passion for the unborn and their mothers.

PICKET THE ABORTION MILL

300 East Hampden

Thursday from 2:00 - 3:00 p.m.

Except for horrible weather days.

Here is our code of conduct:

We want to represent Christ in word and deed. We need to absorb any barbs that come our way and not respond with the same kind of stuff. Ephesians 4:29 says this: *"Do not use harmful words, but only helpful words, the kind that build up and provide what is needed, so that what you say will do good to those who hear you."*

People will think of their encounter with us for a long time.

We want to make sure that it is something God can use to work on their heart and not something He wishes we didn't do or say.
