GOOD NEWS FROM OPERATION RESCUE COLORADO

19 Years at the High Schools

We have been going to the high schools every spring and fall for nineteen years. It's great to be able to make such an impact while things turn crazy in our country.

What a sad day when Antonin Scalia died. Such a great loss for the Supreme Court with so many important cases pending. I think his replacement will determine whether we go forward in liberty or bondage.

Another crazy thing is what is happening with the Presidential candidates. Who would have imagined it would be as it is now. There again, this election will have huge consequences.

I'm glad to know God is good and works in the affairs of men.

Each of us need to dig deep into God's Word so we are guided by wisdom and not led astray by big promises or smooth speech. If we don't use our voice properly we may lose it.

In a couple of weeks we will be going back to the high schools to present the prolife message. By God's power lives will be touched and changed.

Every week we continue to go to a doctors office where abortions are done. In addition to reaching out to the patients, we also impact thousands of people who are driving or walking by.

Here are some of the things we pass out at the schools:

We Need Your Help

We have amazing opportunities ahead of us that require people and money. Would you join us in prayer that those needs will be met?

Would you also consider joining us at the abortion clinic or the high school? We would love to have you with us. If you have never come before, it's not as scary as it may seem but immensely rewarding.

We also need your help financially. All of us are volunteers and our office space is donated. All of the funds that come in are used to change minds and hearts. We could really use any amount that you can send. Thanks for your involvement!

Has it been a while since you have been to the abortion mill? Did you use to be a lot more involved in prolife work than you are now? Do the high schools seem intimidating? Did you donate in the past?

We need you! There are so many opportunities where your gifts can be out to use. Please?

“HEALTHY FUTURES” PROJECT

Healthy Futures is an abortion clinic in Englewood, Colorado. The abortionist is Stephen Hindes. On their website they boast that he has killed thousands. Steve Hindes does abortions through 20 weeks.

We normally picket on Tuesday and Thursday. If you would like to join us, give us a call to get current times. Here is a great opportunity to show your passion for the unborn and their mothers.

PICKET THE ABORTION MILL

300 East Hampden

Come Thursday from 2:00 - 3:00 p.m.

Except for horrible weather days.

If you are new, call first.

THE COHEN / WOMACK PROJECT

Harvey Cohen and Gail Womack are doctors of Obstetrics & Gynecology who do abortions at this Lakewood office. We want their other clients to know about this.

255 Union Blvd.

Our present schedule is as follows:

Every Monday - 11:00 a.m. to 12:00 p.m.

Here is our code of conduct:

We want to represent Christ in word and deed. We need to absorb any barbs that come our way and not respond with the same kind of stuff. Ephesians 4:29 says this: “Do not use harmful words, but only helpful words, the kind that build up and provide what is needed, so that what you say will do good to those who hear you.”

People will think of their encounter with us for a long time.

We want to make sure that it is something God can use to work on their heart and not something He wishes we didn't do or say.
