GOOD NEWS FROM OPERATION RESCUE COLORADO

Hard Days Ahead in Colorado

A big change came to Colorado in our last election. With the House, Senate, and Governor all in far-left hands, there will be attempts to make sweeping changes in multiple areas.

The most concerning changes are in the areas of life and morality. A big agenda will be to make schools into places of evil indoctrination. We already see this in the pro-homosexual and “transgender” areas.

I don't even want to let my imagination wander as I think about what legislation might be introduced.

It's a time where we will need to make our voices heard even though they will be mostly ignored. We need to support legislators who will stand against depravity.

Most of all, we need to look to God who isn't flustered with what is going on in our State. Here is my encouragement from Proverbs 21:1. ***“The king's heart is a stream of water in the hand of the Lord; he turns it wherever he will.”*** Trust in God as you pray for hearts to be changed. Another principle is from 2 Chronicles 7:14. ***“If my people who are called by my name humble themselves, and pray and seek my face and turn from their wicked ways, then I will hear from heaven and will forgive their sin and heal their land.”*** We need to examine where we might need to change. Are we concerned with the things that God cares about?

God is good and he is still in control.

We Need Your Help

We have amazing opportunities ahead of us that require people and money. Would you join us in prayer that those needs will be met?

Would you also consider joining us at the abortion clinic or the high school? We would love to have you with us. If you have never come before, it's not as scary as it may seem but immensely rewarding.

We also need your help financially. All of us are volunteers and our office space is donated. All of the funds that come in are used to change minds and hearts. We could really use any amount that you can send. Thanks for your involvement!

For Their Sake We Act

7 weeks

The greatest destroyer of love and peace is abortion, which is war against the child. The mother doesn't learn to love, but kills to solve her own problems. Any country that accepts abortion is not teaching its people to love, but to use any violence to get what they want.
~Mother Teresa

“HEALTHY FUTURES” PROJECT

Healthy Futures is an abortion clinic in Englewood, Colorado. The abortionist is Stephen Hindes. On their website they boast that he has killed thousands. Steve Hindes does abortions through 20 weeks.

We normally picket on Monday and Tuesday. If you would like to join us, give us a call to get current times. Here is a great opportunity to show your passion for the unborn and their mothers.

PICKET THE ABORTION MILL

300 East Hampden

Come Monday from 2:00 - 3:00 p.m.

Except for bad weather days.

If you are new, call first.

Some of the things we can pass out at the High Schools and abortion clinic.

Here is our code of conduct:

We want to represent Christ in word and deed. We need to absorb any barbs that come our way and not respond with the same kind of stuff. Ephesians 4:29 says this: “Do not use harmful words, but only helpful words, the kind that build up and provide what is needed, so that what you say will do good to those who hear you.”

People will think of their encounter with us for a long time.

We want to make sure that it is something God can use to work on their heart and not something He wishes we didn't do or say.
