GOOD NEWS FROM OPERATION RESCUE COLORADO

## 23 Years at the High Schools

We have been going to high schools in the Spring and Fall for 23 years. It's great to be able to make such an impact while things turn crazy in our country.

Being at the schools is one of the front-lines of prolife effort. It is these students who are targeted by Planned Parenthood and our sex-crazed culture. For many of them, the materials we pass out are the first time they have come across a different way to look at abortion. And even before that comes the opportunity to convey that sex is a wonderful thing that belongs in marriage. Reaching these young people is a great blessing.

In a couple of weeks we will be going back to the high schools, we would love to have you join us. By God's power lives will be touched and changed.

Here are some of the things we pass out at the schools and abortion clinic.

## 12 Years at the Abortion Clinic

What can you expect if you join us? The response is usually quite positive. We offer our information, from the public sidewalk, to anyone we can. Not everyone who enters the building is going to "Healthy Futures" as it's a medical building with many different offices. In addition, there is a grocery store at the end of the block so there is quite a bit of foot traffic that goes by so have the opportunity to give information to the public. We occasionally encounter someone who wants to discuss or argue but our policy is to be kind, respectful, and loving. We don't allow ourselves to be pulled into anything unpleasant. That is usually well received and people tend to respond in kind. Last week someone drove by thanking us, out the car window, for being there. Last year we had a man who walked by and said our effort is SO IMPORTANT! He told a story of 13 years earlier reluctantly taking a pregnant girlfriend to an abortion clinic in Aurora. There were people like us outside. Though they went inside his girlfriend changed her mind and they left without talking to anyone outside. He then showed me a picture of his now 12 year old daughter. This couple went on to marry and have two more children. We pray each week for the abortionist and workers, and anyone who may be going in seeking an abortion. Won't you consider joining us on behalf of the unborn and their mothers at this abortion clinic?

## School Schedule

### Covid-19 Update

It is very likely that this schedule will change. Of course, if the schools are still closed we will cancel. We send out a phone call regarding upcoming events the weekend before. If you do not receive those calls, contact us and we will include you.

Here's the schedule for the upcoming *God is Going Back to School Campaign* for Spring 2020 at area high schools. Make sure you're on the Life Connection calling list for updates.

## We Need You

As we approach Spring, there are many possible opportunities ahead. We will be at the schools and abortion clinic on a weekly basis and we really need help.

Would you consider joining us at the abortion clinic or the high school? We would love to have you with us. If you have never come before, it's not as scary as it may seem and immensely rewarding. More people are our biggest need. Second is finances to pay for the literature and materials we hand out. Would you join us in prayer that those needs will be met?

All of us are volunteers and our office space is donated so the funds that come in are used to change minds and hearts. Thanks for your involvement!

### Here is our code of conduct:

We want to represent Christ in word and deed. We need to absorb any barbs that come our way and not respond with the same kind of stuff. Ephesians 4:29 says this: “Do not use harmful words, but only helpful words, the kind that build up and provide what is needed, so that what you say will do good to those who hear you.”

People will think of their encounter with us for a long time.

We want to make sure that it is something God can use to work on their hearts and not something He wishes we didn't do or say.
