GOOD NEWS FROM OPERATION RESCUE COLORADO

Political Frustration

Opportunities for Life-Saving Direct Action

Many proliferers are feeling frustrated because of the present political climate both in Colorado and across the U.S. It's crucial that we are politically involved and we need to continue to press for better candidates. The reality is that we are not going to make any political gains for some time.

One place where the door is still wide open is in front of the abortion clinic and at the high schools. We have some great opportunities for you to get involved. We have picketing opportunities Monday through Friday at the abortion clinic and we will be at the high schools on Thursday afternoon from mid April until the end of May.

If you have never joined us, it's not as scary as it may seem. In both places we stand on the sidewalks and pass out literature. At the abortion clinic we may even get to talk to the women seeking abortion. At the high schools we will pass out hundreds of pieces of literature and get to have conversations with the students. We hope to get to them before they are in a situation where they are thinking about abortion. It seems that as the years go by, more of the students are identifying themselves as prolife. Some even ask for literature to pass out to other students.

It is very fulfilling to see immediate results from our actions and we know that a lot goes on even after we leave. God is working in hearts, in answer to prayer.

You will find complete information about all of these opportunities in this newsletter. Prayerfully consider getting involved. A little time spent at one of these places will reap eternal rewards. **Another way you can help is by contributing financially.**

Most of all we need prayer that God will guide us in each of these activities, that He will provide laborers for the harvest, abundant provision for the literature and heart changes at the schools and abortion clinic.

An interesting thing we have been involved in is a blog about the "Healthy Futures" abortion clinic we picket. If you are not familiar with what a blog is, it is a place on the Internet where we can post articles and information. It's similar to an online journal. When people do Google searches related to *Healthy Futures* or the abortionist *Stephen Hindes*, the blog is coming up at the top of many of the searches. Through that, we are getting an opportunity to influence women seeking abortion. Here is the address of the blog:

Hope to see you soon!

Extra \$\$\$

Many years at tax time, people have a little extra money that they want to give to good ministries. May we ask to be put on that list? We would greatly appreciate whatever you could give.

Did you know that Operation Rescue Colorado has always operated completely with volunteers and has never had to pay for an office. This means that all of the gifts we receive are able to go directly into the work of saving babies, educating their mothers and reaching students at the high schools.

Our greatest expense is the literature we hand out. Every year we pass out thousands of pieces directly into the hands of young people. We also pass out fetal models, precious feet pins and CD's with a prolife presentation. The impact of these materials is huge and well worth the money spent on them.

Please consider what you can do to help in this great work.

Your School?

We would like to expand the list of schools where we pass out literature. Is there one in your neighborhood that would be a good candidate? Give us a call and we will take it from there.

"HEALTHY FUTURES" PROJECT

Healthy Futures for Women is an abortion clinic in Englewood, Colorado. The abortionist is Stephen Hines. On their website they boast that he has killed thousands. Steve Hines does abortions through 20 weeks.

We normally picket Tuesday through Friday. We are plugging new people in on Thursdays. Here is a great opportunity to show your passion for the unborn and their mothers.

PICKET THE ABORTION MILL

300 East Hampden

Come any Thursday from 2:30 - 3:30 p.m.

Except for horrible weather days.

THE COHEN / WOMACK PROJECT

Harvey Cohen and Gail Womack are doctors of Obstetrics & Gynecology who do abortions at this Lakewood office. We want their other clients to know about this.

255 Union Blvd.

Our present schedule is as follows:

Every Monday - 11:00 a.m. to 12:00 p.m.

Here is our code of conduct:

We want to represent Christ in word and deed. We need to absorb any barbs that come our way and not respond with the same kind of stuff. Ephesians 4:29 says this: "Do not use harmful words, but only helpful words, the kind that build up and provide what is needed, so that what you say will do good to those who hear you."

People will think of their encounter with us for a long time.

We want to make sure that it is something God can use to work on their heart and not something He wishes we didn't do or say.
