GOOD NEWS FROM OPERATION RESCUE COLORADO

Report From the Front Lines

What a blessing it has been to be a part of Operation Rescue Colorado this Spring and Summer. We went to six High Schools in April and May. We stood on the sidewalk, talking to students and passing out stacks of literature and computer CDs with a prolife presentation. The students seem especially curious about the CDs. As always we had many good conversations.

We continue to be at the abortion clinics in Lakewood and Englewood. We are there at least four days a week. Aside from educating the public on what goes on at these places, there are opportunities to talk to the patients.

Here are some of the interesting happenings at the "Healthy Futures" abortion clinic: In May a local Catholic church came out on a Saturday and had a prayer vigil. Also in May, one of our picketers had a long conversation with a girl who was scheduled for an abortion and was five months pregnant.

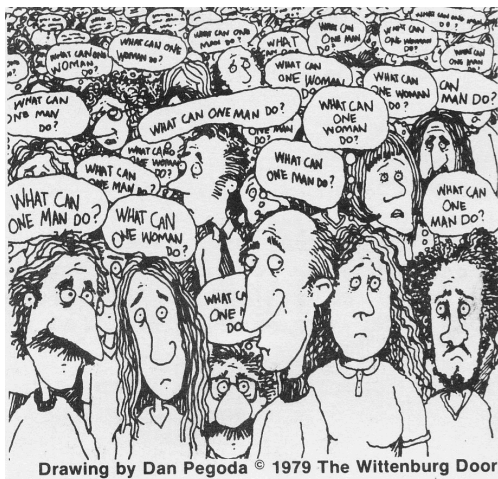

It's a regular occurrence to have someone stop and talk to us who is a patient of Steve Hindes or Stephanie Beltz. They are usually shocked to find out that their doctor is doing abortions. Some have to be shown the Yellow Page ad to convince them it is true.

We really appreciate everyone who is able to participate in our various ministries either in person or through a financial contribution. It is awesome to see the work God is doing.

We welcome you to join us at the High Schools and at the abortion clinic. We guarantee that you will be blessed and heartbroken. It is so encouraging to bring truth into such dark places and it is heartbreaking to see the ignorance of people who have been lied to about abortion. Isn't it great to be able to bring light that changes hearts and lives?

If you are on the Internet take a look at hffw.blogspot.com. It is a blog called *UnHealthy Futures for Women* that tells the truth about abortion and what is going on at the "Healthy Futures" abortion clinic. When people search for *Healthy Futures* or *Stephen Hindes* and *abortion* the blog usually comes up as the first or second result. This is an incredible opportunity to reach abortion bound women.

No matter what is going on politically we continue to make a huge impact as we take truth to the streets. Be encouraged that God is in control and will bring lost souls to Himself and expose the barbarism of abortion. Truth will always prevail when it goes head-to-head against falsehood. Join us and be a part of it!

With the economy in the condition it is in, this is probably the worst time to ask for extra contributions. Many ministries report that giving is way down and many are having to cut back their work.

We want to report that giving to ORC has been up this spring and summer. It seems God is pleased with the work we are doing. We have always operated completely with volunteers and have never had to pay for an office.

Our greatest expense is the literature we hand out. Every year we pass out thousands of pieces directly into the hands of young people. We also pass out fetal models, precious feet pins and CD's with a prolife presentation. The impact of these materials is huge and well worth the money spent on them.

We can always use your help.

Please consider what you can do to help in this great work.

Your School?

We would like to expand the list of schools where we pass out literature. Is there one in your neighborhood that would be a good candidate? Give us a call and we will take it from there.

"HEALTHY FUTURES" PROJECT

Healthy Futures for Women is an abortion clinic in Englewood, Colorado. The abortionist is Stephen Hines. On their website they boast that he has killed thousands. Steve Hines does abortions through 20 weeks.

We normally picket Tuesday, Wednesday and Friday. We are plugging new people in on Fridays. Here is a great opportunity to show your passion for the unborn and their mothers.

PICKET THE ABORTION MILL

300 East Hampden

Come any Friday from 2:30 - 3:30 p.m.

Except for horrible weather days.

THE COHEN / WOMACK PROJECT

Harvey Cohen and Gail Womack are doctors of Obstetrics & Gynecology who do abortions at this Lakewood office. We want their other clients to know about this.

255 Union Blvd.

Our present schedule is as follows:

Every Monday - 11:00 a.m. to 12:00 p.m.

Here is our code of conduct:

We want to represent Christ in word and deed. We need to absorb any barbs that come our way and not respond with the same kind of stuff. Ephesians 4:29 says this: "Do not use harmful words, but only helpful words, the kind that build up and provide what is needed, so that what you say will do good to those who hear you."

People will think of their encounter with us for a long time.

We want to make sure that it is something God can use to work on their heart and not something He wishes we didn't do or say.
