GOOD NEWS FROM OPERATION RESCUE COLORADO

Time for Involvement

HHS Mandate

The contraceptive mandate is an example of the Obama administration trying to force acceptance of its immoral policies on an unwilling public. This mandate will force employers to pay for abortion causing drugs and other things even if they morally object. Prolifers must resist these actions to prevent even worse directives. A next step would be to force both secular and religious employers to pay for all abortions. Pray against this evil.

High Schools

We can change lives by passing our pro-life literature to students on the sidewalks in front of high local schools. We have a schedule and literature but we need many more people to join us. See the schedule to the right.

Abortion Clinic

Every week we are at two abortion clinics on multiple days. This is a great opportunity to pray, pass out literature and to witness for life. Information is on the following page.

Election

Make sure you are registered to vote. We may not have ideal choices of candidates

in the upcoming election but we must work with what we have. That's not compromise but reality. There are opportunities to work for, speak for and to support men and women who will stand up for what is right, true and sacred.

Younger People

If you are under 40 I am going to call you younger. We need you to find a place on the front lines of these battles and opportunities. If someone using a walker can be on the picket line, that erases so many of the reasons we can give for not being there. You really are needed and can make a difference!

Prayer

This is something everyone can do. Be bold and ask God to work in each of the previously mentioned needs. Your prayer is powerful. Please do it.

Contributions

We need your money! We are all volunteers, don't pay for an office and are very efficient in using the funds God entrusts to us. Help us provide the best resources available at the schools and abortion clinic. Put something in the enclosed envelope. Every amount is appreciated.

\$\$\$

Even with a troubled economy, we have been blessed by God. We have had funds for all of our projects. We give praise to Him for that.

An ongoing expense is literature and the other things we pass out at the schools and abortion clinic. With generous donors we are able to buy high quality materials and give them out in large quantities.

If you are able we would appreciate if you could help this ministry continue to have an abundance of funds so we are able to take advantage of all the opportunities that come our way.

It is good to know that God has blessed us in the past and will continue to guide us in the future through His provision. Thanks you for your part in this.

Please consider what you can do to help in this great work.

Your School?

We would like to expand the list of schools where we pass out literature. Is there one in your neighborhood that would be a good candidate? Give us a call and we will take it from there.

“HEALTHY FUTURES” PROJECT

Healthy Futures for Women is an abortion clinic in Englewood, Colorado. The abortionist is Stephen Hinds. On their website they boast that he has killed thousands. Steve Hinds does abortions through 20 weeks.

We normally picket Tuesday, Wednesday and Thursday. Here is a great opportunity to show your passion for the unborn and their mothers.

THE COHEN / WOMACK PROJECT

Harvey Cohen and Gail Womack are doctors of Obstetrics & Gynecology who do abortions at this Lakewood office. We want their other clients to know about this.

255 Union Blvd.

Our present schedule is as follows:

Every Monday - 11:00 a.m. to 12:00 p.m.

Here is our code of conduct:

We want to represent Christ in word and deed. We need to absorb any barbs that come our way and not respond with the same kind of stuff. Ephesians 4:29 says this: “Do not use harmful words, but only helpful words, the kind that build up and provide what is needed, so that what you say will do good to those who hear you.”

People will think of their encounter with us for a long time.

We want to make sure that it is something God can use to work on their heart and not something He wishes we didn't do or say.
