GOOD NEWS FROM OPERATION RESCUE COLORADO

## Truth and Transformation

We will soon be back at the high schools with the *God is Going Back to School Campaign*. It has been very encouraging to see the work that's happening in the culture as young people are becoming more receptive to the prolife message. Sometimes I wonder if things like the Internet have made information available that was hidden from them before. As they see the truth with their own eyes they realize abortion is a horrible act of brutality. It's not just the proliferators out on the street that are challenging what they have been told through the media, groups like Planned Parenthood and even in their classrooms. It's all around them and they are being transformed.

This reality shows how important it is for us to be out in public with our message. Whether it is the abortion clinic or school, each place represents people who need to see and hear the truth. The fields are indeed ripe for harvest; what is needed is workers. A sad reality is that we are short in every area; with more people involved, so much more could be done. An example is at the schools: most times when we are there we see many students passing by and we aren't able to contact them because of a shortage of workers. Would you make this a matter of prayer? Please pray that God will raise up more workers and consider if you might be able to join us yourself.

You can make a difference in the lives of these students. It's really easy to stand on the sidewalk, reach out your hand, and say: "Here you go." Their hand comes towards you, takes the literature and they will never be the same: because of you. Some may want to talk, some want to argue; in either case, the truth is told.

Another important area you can help is with finances. The literature, fetal models, *Precious Feet* pins, *Truth Unmasked* CD's and other visuals we pass out are of the highest quality and that costs a lot of money. We spend on average \$60.00 for the materials that we pass out at each school. With generous givers, we are able to do this and not have to cut back. Would you consider what you might be able to do to help with these expenses?

It's not just the students that we contact that are impacted. It is interesting to see them show the material to their friends and some of them even ask for more so they can pass it out themselves. They become stronger in their beliefs and others are challenged with the truth as well. Sometimes it even becomes a topic of discussion in the classroom.

Yes, this is very exciting and we look forward to what is ahead. Thanks for what you are able to do to help.

### For Their Sake We Act

7 weeks

Has it been a while since you have been to the abortion mill? Did you use to be a lot more involved in prolife work than you are now? Do the high schools seem intimidating? Did you donate in the past?

**We need you!** There are so many opportunities where your gifts can be out to use. Please?

## THE COHEN / WOMACK PROJECT

Harvey Cohen and Gail Womack are doctors of Obstetrics & Gynecology who do abortions at this Lakewood office. We want their other clients to know about this.

**255 Union Blvd.**

Our present schedule is as follows:

Every Monday - 11:00 a.m. to 12:00 p.m.

## "HEALTHY FUTURES" PROJECT

**Healthy Futures for Women** is an abortion clinic in Englewood, Colorado. The abortionist is Stephen Hindes. On their website they boast that he has killed thousands. Steve Hindes does abortions through 20 weeks.

We normally picket Tuesday, Wednesday and Thursday. We are plugging new people in on Thursday. Here is a great opportunity to show your passion for the unborn and their mothers.

### PICKET THE ABORTION MILL

**300 East Hampden**

Thursday from 2:00 - 3:00 p.m.

Except for horrible weather days.

### Here is our code of conduct:

We want to represent Christ in word and deed. We need to absorb any barbs that come our way and not respond with the same kind of stuff. Ephesians 4:29 says this: *"Do not use harmful words, but only helpful words, the kind that build up and provide what is needed, so that what you say will do good to those who hear you."*

People will think of their encounter with us for a long time.

We want to make sure that it is something God can use to work on their heart and not something He wishes we didn't do or say.
