GOOD NEWS FROM OPERATION RESCUE COLORADO

Do Something Now

In a little over two months, we will have elected a new President and voted on many other offices both Federal and State. It's anybody's guess how things will go. There is comfort in knowing that God is involved in everyday affairs. It's a mystery how his will intersects with the will of man, but we can be assured that he cares for us.

It is good to be involved in the political process, as that is part of being a good citizen. Most of the time we are not happy with the choices we have to make and sometimes we are disgusted with what is before us. In spite of that, we make the best choice possible, that is the reality of how the system works.

In a few weeks we will be going back to the High Schools as we have done for 19 years. We will have an opportunity to do something that always has an immediate and lasting impact. We will pass out literature and other items to the students and talk with them when we can.

When we go to the schools, we never have enough people. We could reach more students if we were able to cover more of the areas where they are exiting and walking.

We are usually at a school for an hour or less so it isn't a big time commitment. If your schedule permits would you consider joining us and most of all, would you pray with us for the students.

We also have two opportunities every week at the abortion clinic to reach out to the women entering there and the people who walk past and drive by.

The place we go to is a family practice doctor's office and an abortion clinic. Most of the family practice patients do not know that abortions are done there and many are bothered by that. It is truly shining a light in a dark place. Your involvement can help make a big difference.

The invitation is open for you to join us. We could really use your presence and prayers.

Some of the things we can pass out to the students.

For Their Sake We Act

7 weeks

Has it been a while since you have been to the abortion mill? Did you use to be a lot more involved in prolife work than you are now? Do the high schools seem intimidating? Did you donate in the past?

We need you! There are so many opportunities where your gifts can be put to use. Please?

“HEALTHY FUTURES” PROJECT

Healthy Futures is an abortion clinic in Englewood, Colorado. The abortionist is Stephen Hindes. On their website they boast that he has killed thousands. Steve Hindes does abortions through 20 weeks.

We normally picket on Tuesday and Thursday. If you would like to join us, give us a call to get current times. Here is a great opportunity to show your passion for the unborn and their mothers.

PICKET THE ABORTION MILL

300 East Hampden

Come Thursday from 2:00 - 3:00 p.m.

Except for horrible weather days.

If you are new, call first.

Here is our code of conduct:

We want to represent Christ in word and deed. We need to absorb any barbs that come our way and not respond with the same kind of stuff. Ephesians 4:29 says this: “Do not use harmful words, but only helpful words, the kind that build up and provide what is needed, so that what you say will do good to those who hear you.”

People will think of their encounter with us for a long time.

We want to make sure that it is something God can use to work on their heart and not something He wishes we didn't do or say.

The greatest destroyer of love and peace is abortion, which is war against the child. The mother doesn't learn to love, but kills to solve her own problems. Any country that accepts abortion is not teaching its people to love, but to use any violence to get what they want.
