GOOD NEWS FROM OPERATION RESCUE COLORADO

2008 Recap

What a great year this has been for prolife action.

We were able to go to 15 different High Schools with the *God is Going Back to High School Campaign*. Incredible materials were passed out to the students and many good conversations were had with them. It seemed that we encountered more prolife students than in the past. I think there is a shift in attitudes in young people. Many of them are rejecting abortion.

The **Abortion Kills Children** banner was displayed on the corner of 6th Avenue and Lincoln every other week during the summer. Tens-of-thousands of cars passed by and people were challenged to think about abortion.

ABORTION KILLS CHILDREN

The **Cohen/Womack Project** continues every Monday. The truth about abortion is told in front of their office. The picketers are lined up along Union Blvd. and thousands of cars pass by.

A new project was started this year at an abortion clinic in Englewood. The place is called **Healthy Futures for Women** (can you believe that?). The abortionist is Steve Hinde.

The picket began at the end of September and proliferators have been there several days a week since. The street the picket is on has a lot of car and foot traffic. Much literature has been passed out and there have been many good conversations with people walking by and people going into the building.

Something else we have been doing is writing on the sidewalks with chalk. The Englewood police said it is completely legal. It really gets people's attention and is there long after the picketers leave.

You are welcome to join us in any of these events. **We also want to ask if you could make a financial contribution to the work we do.** As you probably know, most ministries are suffering the effects of the problems in the economy. Giving is way down and we have experienced it too. Your gifts large and small will make a huge difference in what this ministry can do. It would be great to be able to take advantage of all the opportunities before us.

Every person involved in this ministry is a volunteer. Our office space is donated and the money we receive is used in education, with the goal of saving babies and protecting their mothers.

Thanks for what you are able to do.

This Year's Schools

Pray for the students!

Year End \$\$\$

Many times at year end, people have a little extra money that they want to give to good ministries. May we ask to be put on that list? We would greatly appreciate whatever you could give.

Did you know that Operation Rescue Colorado has always operated completely with volunteers and has never had to pay for an office. This means that all of the gifts we receive are able to go directly into the work of saving babies, educating their mothers and reaching students at the high schools.

Our greatest expense is the literature we hand out. Every year we pass out thousands of pieces directly into the hands of young people. We also pass out fetal models, precious feet pins and CD's with a prolife presentation. The impact of these materials is huge and well worth the money spent on them.

Please consider what you can do to help in this great work.

"HEALTHY FUTURES" PROJECT

Healthy Futures for Women is an abortion clinic in Englewood, Colorado. The abortionist is Stephen Hindes. On their website they boast that he has killed thousands. Steve Hindes does abortions through 20 weeks.

We normally picket Tuesday through Friday. We are plugging new people in on Thursdays. Here is a great opportunity to show your passion for the unborn and their mothers.

PICKET THE ABORTION MILL

300 East Hampden

Come any Thursday from 2:30 - 3:30 p.m.

Except for horrible weather days.

Here is our code of conduct:

We want to represent Christ in word and deed. We need to absorb any barbs that come our way and not respond with the same kind of stuff. Ephesians 4:29 says this: "Do not use harmful words, but only helpful words, the kind that build up and provide what is needed, so that what you say will do good to those who hear you."

People will think of their encounter with us for a long time.

We want to make sure that it is something God can use to work on their heart and not something He wishes we didn't do or say.

THE COHEN / WOMACK PROJECT

If we are going to have an impact on our society regarding abortion, we must show that we care. We must put feet to our prayers. Over 40 children in the womb are killed every working day in Colorado.

255 Union Blvd.

Our present schedule is as follows:

Every Monday - 11:00 a.m. to 12:00 p.m.

BEHAVIOR

Act as Jesus would. Pray and ask God to convict by His Holy Spirit. Be repentant and have an attitude of humility; this holocaust resulted from our apathy. Be peaceful and nonviolent in word and deed.
