GOOD NEWS FROM OPERATION RESCUE COLORADO

Something Special

Something special continued to happen at the schools this year. The encounters with the students were especially blessed. It's true that as the years have gone by there have been positive changes happening at the schools. Of course there are still rough waters at times, especially with the administration, but even there, they seem to be resigning themselves to the fact that we have a right to be on the sidewalk in front of the schools. If only we were invited into the schools as Planned Parenthood is.

We passed out thousands of pieces of literature as well as precious feet pins, fetal models and CD's with a prolife presentation.

As young people have access to the truth concerning abortion through things like our work at the schools and through the Internet they are making up their minds that abortion is not a good thing. Many of them have friends who have gone through abortion and most of the time that also helps convince them that abortion leaves a lot of pain and isn't the solution that was promised.

There is a lot to be encouraged about as we see these changes happening.

Join with us in praying for the students and schools that we were able to touch this year. Pray that God would open wide the window for truth to enter. Pray that prolife students would have opportunities and boldness to speak out.

In addition to the schools, we were also at two abortion mills every week. With all of the traffic that passes by, thousands of people have been challenged with the truth concerning abortion.

Yes, something special did happen this year. God did His wonderful work and we are thankful that we were able to watch it happen.

Please pray with us that 2011 will be even more fruitful and that we will see many lives touched with the truth.

Year End \$\$\$

Many times at year end, people have a little extra money that they want to give to good ministries. May we ask to be put on that list? We greatly appreciate whatever you can give.

Did you know that Operation Rescue Colorado has always operated completely with volunteers and has never had to pay for an office? This means that all of the gifts that we receive are able to go directly into the work of saving babies, educating their mothers and reaching students at high schools.

Our greatest expense is the literature we hand out. Every year we pass out thousands of pieces directly into the hands of young people. We also pass out fetal models, precious feet pins and CD's with a prolife presentation. The impact of these materials is huge and well worth the money spent on them.

An extra expense we are facing is the need for a new printer. Our present printer is 12-years-old and is having problems printing without jamming. We have decided that it is time for a new one.

Please consider what you can do to help with our ongoing work and this special expense. Thanks!

“HEALTHY FUTURES” PROJECT

Healthy Futures for Women is an abortion clinic in Englewood, Colorado. The abortionist is Stephen Hindes. On their website they boast that he has killed thousands. Steve Hindes does abortions through 20 weeks.

We normally picket Tuesday, Wednesday and Friday. We are plugging new people in on Fridays. Here is a great opportunity to show your passion for the unborn and their mothers.

PICKET THE ABORTION MILL

300 East Hampden

Come any Friday from 2:30 - 3:30 p.m.

Except for horrible weather days.

THE COHEN / WOMACK PROJECT

Harvey Cohen and Gail Womack are doctors of Obstetrics & Gynecology who do abortions at this Lakewood office. We want their other clients to know about this.

255 Union Blvd.

Our present schedule is as follows:

Every Monday - 11:00 a.m. to 12:00 p.m.

Here is our code of conduct:

We want to represent Christ in word and deed. We need to absorb any barbs that come our way and not respond with the same kind of stuff. Ephesians 4:29 says this: “Do not use harmful words, but only helpful words, the kind that build up and provide what is needed, so that what you say will do good to those who hear you.”

People will think of their encounter with us for a long time.

We want to make sure that it is something God can use to work on their heart and not something He wishes we didn't do or say.
