GOOD NEWS FROM OPERATION RESCUE COLORADO

2011 Recap

What a great year this has been for prolife action.

We were able to go to 13 different High Schools with the *God is Going Back to High School Campaign*. We passed out a lot of literature. Thankfully we had a huge stock on hand. Incredible materials were passed out to the students and some good conversations were had with them. It seemed that we encountered more prolife students than in the past. There is a shift in attitudes in young people. Many of them are rejecting abortion.

The **Cohen/Womack Project** continues every Monday. The truth about abortion is told in front of their office. The picketers are lined up along Union Blvd. and thousands of cars pass by.

Our other picket is at an abortion clinic in Englewood. The place is called **Healthy Futures for Women** (can you believe that?). The abortionist is Steve Hindes.

The street the picket is on has a lot of car and foot traffic. Much literature has been passed out and we have had many good conversations with people walking by and people going into the building.

You are welcome to join us in any of these events. The biggest shortage we face is people. We also want to ask if you could make a financial contribution to the work we do. Your gifts large and small will make a huge difference in what this ministry can do. It would be great to be able to take advantage of all the opportunities before us.

Every person involved in this ministry is a volunteer. Our office space is donated and the money we receive is used in education, with the goal of saving babies and protecting their mothers.

Thanks for what you are able to do.

We pass these out to at the schools and abortion clinic

Year End \$\$\$

Many times at year end, people have a little extra money that they want to give to good ministries. May we ask to be put on that list? We would greatly appreciate whatever you could give.

Did you know that Operation Rescue Colorado has always operated completely with volunteers and has never had to pay for an office. This means that all of the gifts we receive are able to go directly into the work of saving babies, educating their mothers and reaching students at the high schools.

Our greatest expense is the literature we hand out. Every year we pass out thousands of pieces directly into the hands of young people. We also pass out fetal models, precious feet pins and CD's with a prolife presentation. The impact of these materials is huge and well worth the money spent on them.

Please consider what you can do to help in this great work.

THE COHEN / WOMACK PROJECT

Harvey Cohen and Gail Womack are doctors of Obstetrics & Gynecology who do abortions at this Lakewood office. We want their other clients to know about this.

255 Union Blvd.

Our present schedule is as follows:

Every Monday - 11:00 a.m. to 12:00 p.m.

"HEALTHY FUTURES" PROJECT

Healthy Futures for Women is an abortion clinic in Englewood, Colorado. The abortionist is Stephen Hinds. On their website they boast that he has killed thousands. Steve Hinds does abortions through 20 weeks.

We normally picket Tuesday, Wednesday and Friday. We are plugging new people in on Fridays. Here is a great opportunity to show your passion for the unborn and their mothers.

PICKET THE ABORTION MILL

300 East Hampden

Come any Friday from 2:30 - 3:30 p.m.

Except for horrible weather days.

Here is our code of conduct:

We want to represent Christ in word and deed. We need to absorb any barbs that come our way and not respond with the same kind of stuff. Ephesians 4:29 says this: *"Do not use harmful words, but only helpful words, the kind that build up and provide what is needed, so that what you say will do good to those who hear you."*

People will think of their encounter with us for a long time.

We want to make sure that it is something God can use to work on their heart and not something He wishes we didn't do or say.
