GOOD NEWS FROM OPERATION RESCUE COLORADO

2013 Recap

Something special! Each time we go to a school or abortion clinic it is a special time. There is always something new; each time we see God working in the people we encounter. Sometimes the path is very smooth and at times we face opposition, generally from someone in power. Thankfully, we are fully within our rights to be on the sidewalk in front of these places.

This year at the schools we passed out thousands of pieces of literature as well as precious feet pins, fetal models and CD's with a prolife presentation.

As young people have access to the truth concerning abortion through things like our work at the schools and through the Internet they are making up their minds that abortion is not a good thing. Many of them have friends who have gone through abortion and most of the time that also helps convince them that abortion leaves a lot of pain and isn't the solution that was promised. There is a lot to be encouraged about as we see these changes happening.

Join with us in praying for the students and schools that we were able to visit this year. Pray that God would open wide the window for truth to enter. Pray that prolife students would have opportunities and boldness to speak out.

In addition to the schools, we were also at two abortion mills every week. With all of the traffic that passes by, thousands of people have been challenged with the truth concerning abortion.

Yes, something special did happen this year. God did His wonderful work and we are thankful that we were able to watch it happen.

Please pray with us that 2014 will be even more fruitful and that we will see many lives touched with the truth.

Year End \$\$\$

Many times at year end, people have a little extra money that they want to give to good ministries. May we ask to be put on that list? We greatly appreciate whatever you can give.

Did you know that Operation Rescue Colorado has always operated completely with volunteers and has never had to pay for an office? This means that all of the gifts that we receive are able to go directly into the work of saving babies, educating their mothers and reaching students at high schools.

Our greatest expense is the literature we hand out. Every year we pass out thousands of pieces directly into the hands of young people. We also pass out fetal models, precious feet pins and CD's with a prolife presentation. The impact of these materials is huge and well worth the money spent on them.

Please consider what you can do to help with our ongoing work and this special expense.

Thanks!

"HEALTHY FUTURES" PROJECT

Healthy Futures for Women is an abortion clinic in Englewood, Colorado. The abortionist is Stephen Hines. On their website they boast that he has killed thousands. Steve Hines does abortions through 20 weeks.

We normally picket Tuesday and Thursday. If you would like to join us, give us a call to get the current times. Here is a great opportunity to show your passion for the unborn and their mothers.

PICKET THE ABORTION MILL

300 East Hampden

Come any Thursday from 2:00 - 3:00 p.m.

Except for horrible weather days.

THE COHEN / WOMACK PROJECT

Harvey Cohen and Gail Womack are doctors of Obstetrics & Gynecology who do abortions at this Lakewood office. We want their other clients to know about this.

255 Union Blvd.

Our present schedule is as follows:

Every Monday - 11:00 a.m. to 12:00 p.m.

Here is our code of conduct:

We want to represent Christ in word and deed. We need to absorb any barbs that come our way and not respond with the same kind of stuff. Ephesians 4:29 says this: "Do not use harmful words, but only helpful words, the kind that build up and provide what is needed, so that what you say will do good to those who hear you."

People will think of their encounter with us for a long time.

We want to make sure that it is something God can use to work on their heart and not something He wishes we didn't do or say.
