GOOD NEWS FROM OPERATION RESCUE COLORADO

20 Years at the Schools

It has been a good year for prolife activism. We have continued to go to the abortion clinic two days a week and went to the high schools in the spring and fall.

This year we went to 12 different schools. If you can believe it, we have been going to them for 20 years. Generally we are left alone by the administrators but this year, at several schools we went to, the teachers told us we would have to be across the street. We would get that kind of opposition in the beginning years but it hasn't happened for a long time. We stood our ground, knowing we were within our rights to be on a public sidewalk. Most of the time they ended up leaving us alone but a couple of times the police were called and they ended up explaining to the schools that we were ok where we were.

I think we must be hitting a nerve.

One thing for sure is that young people are more receptive to the prolife message. I think this might be because many of them have seen the effect of abortion on their friends and with the Internet they are seeing the truth with their own eyes.

The culture war is hot and I think it will get hotter. The sexual revolution has led to a cheapening of sex. On one hand people want to be able to do whatever they want sexually but they then act surprised when it gets out of control. A good example is the exposure of sexual assault that first hit Hollywood but is now spreading to many other areas. This is what we should expect when the God given restraints are removed. In Colorado there is a campaign called "Before Play" (beforeplay.org) aimed at teenagers. The message it sends is that sex is just play. When we go to the high schools we pass out materials that give the students the truth about sex. What a blessing that we are able to bring that information to them.

We want to thank those of you who have been able to come out and join us, who have contributed financially, or who have stood with us in prayer. Your involvement has helped make a difference.

For Their Sake We Act

8 weeks

Year End \$\$\$

Many times at year end, people have a little extra money that they want to give to good ministries. May we ask to be put on that list? We greatly appreciate whatever you can give.

Did you know that Operation Rescue Colorado has always operated completely with volunteers and has never had to pay for an office? This means that all of the gifts that we receive are able to go directly into the work of saving babies, educating their mothers and reaching students at high schools.

Our greatest expense is the literature we hand out. Every year we pass out thousands of pieces directly into the hands of young people. We also pass out fetal models, precious feet pins and CD's with a prolife presentation. The impact of these materials is huge and well worth the money spent on them.

Please consider what you can do to help with our ongoing work and this special expense.

“HEALTHY FUTURES” PROJECT

Healthy Futures for Women is an abortion clinic in Englewood, Colorado. The abortionist is Stephen Hines. On their website they boast that he has killed thousands. Steve Hines does abortions through 20 weeks.

We normally picket Tuesday and Friday. If you would like to join us, give us a call to get the current times. Here is a great opportunity to show your passion for the unborn and their mothers.

PICKET THE ABORTION MILL

300 East Hampden

Come Friday from 2:00 - 3:00 p.m.

Except for horrible weather days.

If you are new, call first.

Here is our code of conduct:

We want to represent Christ in word and deed. We need to absorb any barbs that come our way and not respond with the same kind of stuff. Ephesians 4:29 says this: “Do not use harmful words, but only helpful words, the kind that build up and provide what is needed, so that what you say will do good to those who hear you.”

People will think of their encounter with us for a long time.

We want to make sure that it is something God can use to work on their heart and not something He wishes we didn't do or say.

Some of the things we can pass out at the High Schools and abortion clinic.
