GOOD NEWS FROM OPERATION RESCUE COLORADO

2019 Recap

Each time we go to a school or an abortion clinic it is a special time. There is always something new; each time we see God working in the people we encounter. Sometimes the path is very smooth and at times we face opposition, generally from someone in power. Thankfully, we are fully within our rights to be on the sidewalk in front of these places.

This year at the schools and abortion clinic we passed out thousands of pieces of literature as well as precious feet pins, and fetal models.

As people have access to the truth concerning abortion through things like our work at the schools and abortion clinic, they are making up their minds that abortion is not a good thing. Many of them have friends who have gone through abortion and most of the time that also helps convince them that abortion leaves a lot of pain and isn't the solution that was promised. There is a lot to be encouraged about as we see these changes happening.

Join with us in praying for the students and schools that we were able to visit this year. Pray that God would open wide the window for truth to enter. Pray that prolife students would have opportunities and boldness to speak out.

In addition to the schools, we were also at the abortion mill. With all of the traffic that passes by, thousands of people have been challenged with the truth concerning abortion.

Yes, something special did happen this year. God did His wonderful work and we are thankful that we were able to watch it happen.

Please pray with us that 2020 will be even more fruitful and that we will see many lives touched with the truth.

Here is our code of conduct:

We want to represent Christ in word and deed. We need to absorb any barbs that come our way and not respond with the same kind of stuff. Ephesians 4:29 says this: “Do not use harmful words, but only helpful words, the kind that build up and provide what is needed, so that what you say will do good to those who hear you.”

People will think of their encounter with us for a long time.

We want to make sure that it is something God can use to work on their heart and not something He wishes we didn't do or say.
